

# BACE 2022 CBE Requirements and Syllabus

## BACE Childbirth Educator Training Program Requirements

All video learning, reading, and website research is assigned through [Google Classroom](#). Access is granted upon acceptance to the program, and requirements can be begun at any point prior to their due date.

**Video-based Learning Requirements** to be completed by all trainees by the end of course sessions. All are available through Evidence Based Births' Higher Ed program, and are listed below according to date/topic.

**Reading Requirements** to be completed by all trainees by the end of course sessions:

- Required Text: [Pregnancy, Childbirth and the Newborn](#), by Penny Simkin, et al.
- Choose two of the following books on childbirth history and philosophy:
  - [Ina May's Guide to Childbirth](#) by Ina May Gaskin
  - [Pushed: The Painful Truth About Childbirth and Modern Maternity Care](#) by Jennifer Block
  - [Birth: the Surprising History of How We Are Born](#) by Tina Cassidy
  - [The Thinking Woman's Guide to a Better Birth](#), by Henci Goer & Rhonda Wheeler
  - [Optimal Care in Childbirth: the Case for a Physiological Approach](#) by H. Goer and A. Romano
  - [Gentle Birth Gentle Mothering](#) by Sarah Buckley
- And one of the following books on Breastfeeding
  - [Nursing Mother's Companion](#) by Kathleen Huggins
  - [Breastfeeding Made Simple](#), by N. Mohrbacher & K. Kendall-Tackett
  - [Jack Newman's Guide to Breastfeeding](#) By J. Newman & T. Pitman

Become fluent with the following **websites**, which will be referred to regularly and utilized along with the texts:

- [Evidence Based Birth](#)
- [ACOG](#)
- [Spinning Babies](#)
- [March of Dimes](#)
- [Lamaze International](#) (infographics)
- [PubMed](#) (medical studies on all topics)
- [Cochrane Library](#) (RCTs)
- [Global Health Media](#)
- [VeryWell Family](#)
- [Science and Sensibility](#)
- [Penny Simkin on YouTube](#)
- [Childbirth Graphics](#)

All video learning, reading, and website research will need to be "turned in" through Google Classroom.

**Other requirements** to be completed:

- OPTIONAL for content: Attend the BACE Childbirth Education Workshop for Perinatal Health Workers, and/or Breastfeeding for Perinatal Health Workers
- Childbirth Education observation: Observe a 12-hour prepared or natural childbirth education class that includes medications, interventions, cesarean birth, and comfort measures, etc. taught by a currently certified BACE instructor
- Satisfactory completion of two teach-back presentations, more details in preparing these will be provided during sessions (due during sessions)
- Participation in all course sessions, see dates below
